**Strategic Funding Source Increases Borrowing Capacity to \$90 Million with
New Revolving Credit Facility Led by CapitalSource**

New York (July 15, 2015) – [Strategic Funding Source, Inc.](#), a leading provider of direct financing to small and midsize businesses, today announced that it has closed on a \$90 million revolving credit facility. Led by CapitalSource, a division of Pacific Western Bank, the loan agreement includes continued participation from East West Bank and the addition of BankUnited to the lending group.

“Gaining access to the capital needed to grow continues to be an issue for many of America’s hard working small business owners and our industry plays a crucial role in addressing that need,” said Andrew Reiser, Chairman and Chief Executive Officer, Strategic Funding Source. “With the support of our outstanding bank partners we have now more than doubled our borrowing capacity. Coupled with the \$110 million line of equity financing we secured from Pine Brook in August 2014, we are poised to significantly expand our footprint in the robust and evolving small business lending space.”

Strategic Funding Source provides loans and cash advances to small businesses by combining advanced technology and insight based on years of experience as small business owners and financial industry experts. The company works directly with small business owners to identify their capital requirements and creates flexible, tailored financing options that suit their individual business models.
